Number of bottles : 108

Number of zones : 1

Adjustable temperature range : 5-20°C

Noise level : 38dB

Energy class : G

Climate class : N (16-32)

Vinotag compatible : Yes

Product description

Service wine cellar : The CEPAGE108 wine cellar allows the wine to be brought to temperature before tasting. Bringing it to temperature awakens the aromas and allows you to appreciate the wine during tasting. Equipped with an electronic control panel, the temperature can be adjusted to the nearest degree between 5 and 20°C.

Storage and presentation : The tempered glass door protects the wine from light and highlights it. The wine collection is preserved while being accessible and presented on wire shelves with traditional wood front. Removable, the shelves can be moved or removed to provide storage adapted to your needs.

CLIMADIFF expertise : For 11 generations, Climadiff has been preserving and bringing wine to tasting temperature. Preciously preserved in our cellars, the wine ages and improves and becomes your heritage.

WIRE SHELF

Robust and easy to maintain, they allow easy storage

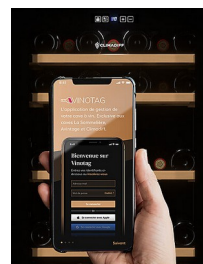

LARGE CAPACITY

Store all your current and incoming wines thanks to its large capacity

LED LIGHT

LED lighting highlights the wine without harming it or disturbing its storage

VINOTAG COMPATIBLE

Free wine cellar management application. Access a virtual representation of your cellar and a detailed inventory
