

SOLIS Tower Fan

Type 749

From its stylish design to the pleasant fresh breeze it creates, the SOLIS Tower Fan is a valuable addition to any home. The compact fan is equipped with an air ioniser, a switch-off timer and a control panel with LED display.

Timeless design

The timeless design of this fan easily blends in with the decor of any home.

Clean & fresh air

Thanks to an integrated air ioniser, air is effectively cleansed from dust and other particles.

Automatic switch-off timer

Select an operation time of up to 8 hours in 1-hour intervals after which the fan will switch off automatically.

Touch control panel

Clear membrane touch control panel for a hassle-free operation and easy cleaning.

LED display

A display with LED indicators informs of the selected settings and functions.

Oscillation function

Activate horizontal oscillation for a comprehensive air distribution in rooms of a small size.

Features

- + 3 speed settings: high, medium, low
- + 3 operating modes: natural, sleep, standard
- + Space-saving design thanks to its vertical construction
- + Integrated carrying handle to easily move the fan
- + Low power consumption
