

Smart Hospitality Display HQ60B Series (EU)

43 50 55 65 75

HIGHLIGHTS

- Quick access to leading streaming services
- Quantum Dot technology for brilliant color at any brightness
- Slim design that complements any interior while saving space
- Centralized management of hotel displays worldwide
- Optimize promotions and offers using personalized guest insights

Key features

A billion shades of color with Quantum Dot

Quantum Dot technology delivers our finest picture ever. With 100% Color Volume, Quantum Dot takes light and turns it into breathtaking color that stays true at any level of brightness.

*100% color volume measured in Movie Mode and the DCI-P3 color space, certified by VDE.

Sleek and slim, more than ever

Increase flexibility with ultra-slim design, enabling hotel operators to create optimized room layouts that increase guest comfort.

Object Tracking Sound Lite (OTS Lite)

A 3D surround sound with our virtual top channel audio will allow any room, small or large, to be fully immersed in the audio experience.

Centralize content discovery and promotions

Smart Hub offers guests easy access to a variety of custom content. Guests can enjoy their favorite Netflix movies and shows from their hotel room just like at home. Furthermore, managers can add the latest hotel promotions to the home screen for natural integration into the room environment.

Key features

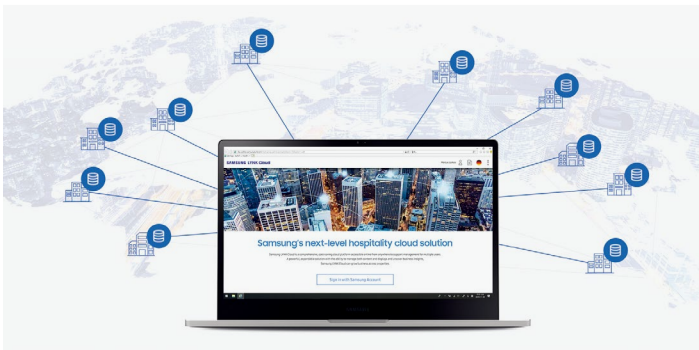

Give guests access to their favorite content in beautiful QLED 4K

Modern guests are seeking the same home amenities and comforts while choosing their next hotel. To deliver a personalized touch during guest trips, hotels are adapting new technologies to win new customers. Samsung, the industry-leading TV brand, delivers the comforts of home with the new HQ60B series hospitality display. Featuring access to the most popular streaming services, including Netflix, in beautiful QLED 4K quality, guests are treated to the same conveniences of their living room while traveling worldwide.

Hospitality Solution

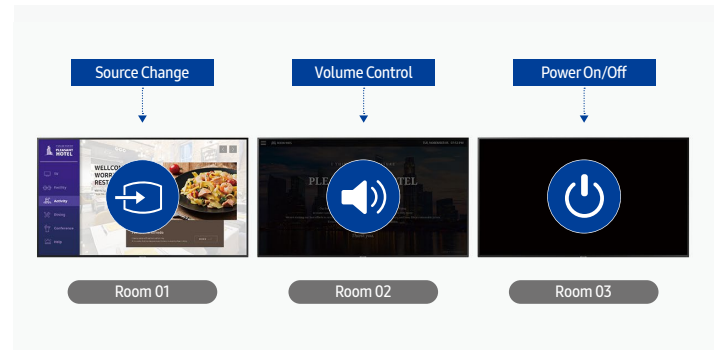

LYNK Cloud

Streamlined property management

With online access that supports multiple users, Samsung LYNK Cloud is ideal for global hospitality operations with centralized management, giving users control of their hotel displays worldwide.

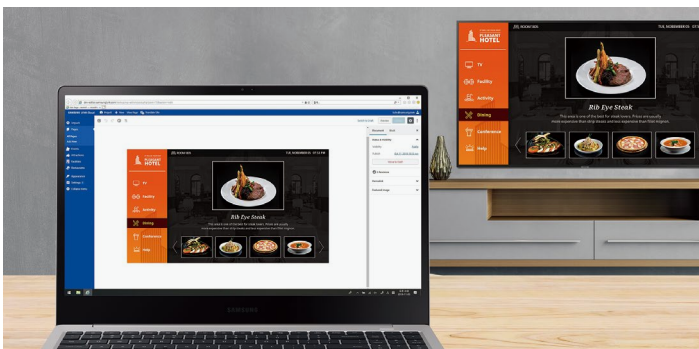

* LYNK Cloud License must be purchased separately.
* LYNK Cloud does not support management of properties within China.

Integrated device management

Quickly update in-room TVs from a centralized source with Samsung LYNK Cloud. Managers can modify channel maps and program guides and control basic functions, making it easier than ever to provide support and maintenance.

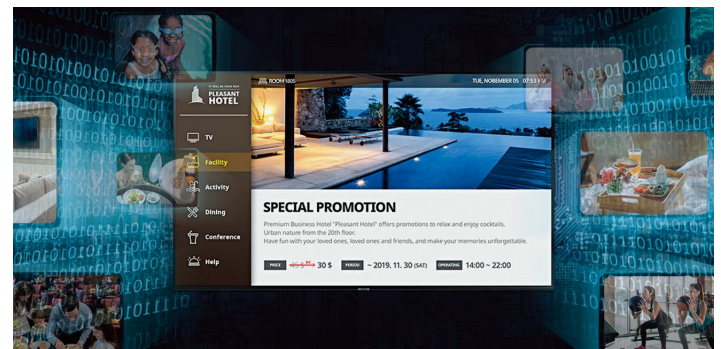

* Some features may not be compatible with hotel's current platforms.

Content creation and custom interactions

Curate your hotel's in-room experience with LYNK Cloud. Create and remotely deploy web-based content to each in-room TV for a tailored feel to your property. With interactive requests support, you can provide the easiest way for guests to make room service orders and book spa appointments.

* Some features may not be compatible with hotel's current platforms.

Data-driven promotional planning

Samsung LYNK Cloud enables optimized promotional content delivery based on integrated guest data available through the hotel PMS, helping managers to uncover business insights.
