SAMSUNG **Hospitality Display** HCU7000 series (EU)

A smarter, more vibrant hospitality experience

Samsung HCU7000 display series is designed with the end-user in mind, offering an immersive and integrated viewing experience. It boasts impressive 4K upscaling with vivid, crystal-clear visuals. Among its advanced features is a multi-code remote system that limits interference from neighboring remotes, seamless headphone connectivity, Smart Hub for various entertainment content and robust content and device management tools that also provide valuable marketing insights.

Key features

Crystal Processor 4K

Powerful 4K upscaling delivers any content in up to 4K resolution.

PurColor

Fine-tuned color for a vibrant, lifelike picture that provides an immersive viewing experience.

Multi-Code Remote

The multi-code remote deters potential interference from neighboring remotes or displays.

Headphone ID

Headphone ID enables device to identify adequate output unit connection providing seamless audiovisual experience.

Smart Hub

Smart Hub offers guests easy access to a variety of custom content during their stay, just as they would at home.

LYNK Cloud

LYNK Cloud provides both content and device management and can even analyze guests' content use to uncover marketing insights.
