

Galaxy Tab Active5 Enterprise Edition

SAMSUNG

Compact, reliable and robust

8.0" display

Lightweight and easy to use – even when wearing gloves. The Tab Active5 brings premium design to the ruggedized family of products. The device is certified according to military standard MIL-STD-810H¹ and is reliable even in the most extreme conditions. Featuring Gorilla Glass 5 and IP68² certification, the Tab Active5 with its 8.0" display is resistant to scratches, water, heat and dust. The fast charging function and "no battery" mode ensure the device can be used without interruption. What is more, Samsung DeX makes using the tablet almost like using a PC, wherever you work.

Galaxy Tab Active5 highlights

- Advanced 5G connectivity means you can be more mobile and more connected than ever before
- Ultra-resilient: IP68², Gorilla Glass 5 and MIL-STD-810H¹
- The slim, light case makes it easy to carry in any work environment
- Can be used when wearing gloves
- S Pen-compatible

Powerful and seamlessly networked

The 5050 mAh battery can provide enough energy to last you the whole day. What is more, the optimized 2.4 GHz Octa-core and expanded memory deliver more power in all situations. The Galaxy Tab Active5 supports 5G and Wi-Fi 6 for fast, connected working. Razor-sharp, crystal-clear images are possible thanks to the 13 MP main camera, the 8 MP front camera and a powerful flash.

High security standards

Strong security is important when you're on the go. Business information on tablets should never fall into the wrong hands. That's why the Galaxy Tab Active5 is equipped with Samsung Knox as standard and now, for the first time, it also supports Samsung Knox Vault. This security platform operates from the moment you switch on the device, and automatically monitors its security constantly. A multilayer software and hardware process protects against intruders, malware and other threats. Thanks to Enterprise Edition, the Galaxy Tab Active5 will also receive regular security updates for 5 years after its launch.

Technical data

Galaxy Tab Active5 Enterprise Edition

Galaxy Tab Active5 Enterprise Edition		
General characteristics	Model code	SM-X306BZGEEEE (5G), SM-X300NZGAEeee (Wi-Fi)
	EAN	8806095466965 (5G), 8806095470078 (Wi-Fi)
	Color	Black
	Operating system	Android 14 · OneUI 6.1
	Samsung Knox Suite	1 year inclusive
	Market availability	2 years (at least)
	Security updates	5 years
	Manufacturer's guarantee	3 years
	CPU speed	Octa-core 2.4 GHz + 2.0 GHz / 950 MHz
	Display	8.0", 1920 × 1200 (WUXGA), 600 Nits, Gorilla Glass 5
	S Pen	Yes
	Memory	8 GB LPDDR4 RAM and 256 GB memory (5G), 6 GB LPDDR4 RAM and 128 GB memory (Wi-Fi), both expandable by up to 1 TB with a microSD card
	Location finding	GPS · GLONASS · Beidou · Galileo
	Sensors	Accelerometer, fingerprint sensor, gyro sensor, geomagnetic sensor, grip sensor, RGB light sensor, proximity sensor, Hall sensor
	Camera	Main camera: 13 MP (f1.9) · flash (flash LED), front camera: 5 MP (f2.2)
	Connectivity	802.11 a/b/g/n/ac/ax 2.4 GHz + 5 GHz, HE80, MIMO, 1024-QAM
	USB	USB Type-C 2.0
	NFC / DeX	Yes · Yes
	Internal microphone	2 internal microphones
	Device unlock	Swipe · PIN · password · pattern · fingerprint
Certification	IP68 ² · MIL-STD-810H ¹	
Weight	433 g	
Energy	Battery	5050mAh
	Fast charging · Wireless charging	Yes · –
	Replaceable battery	Yes
Accessories	Delivery	Travel adapter · S Pen · data cable · Quick start guide · anti-shock cover

1. Protected against shocks, sand and dust, moisture, heat and cold in accordance with US military standard MIL-STD-810H.

2. IP68 provides protection against permanent immersion in water at a depth of 1.5 metres for 30 minutes and only in clear water. It does not offer protection against salt water and other liquids, in particular soapy water, alcohol and/or heated liquids. The SIM card/memory card holder must always be completely flush with the device so that no water can penetrate through it.
