

Reimagining premium tablets with cutting-edge performance

The new Galaxy Tab S11 series combines premium quality with exceptional portability. Its powerful processor guarantees the latest Galaxy AI functions will run smoothly to increase your productivity and creativity. The large, ultrabright AMOLED 2X display provides a laptop-like user experience, both during the day and at night. The Galaxy Tab S11 series is super light, even thinner than its predecessor, and its long battery life makes it perfect for use on the go. It is water- and dust-resistant to IP68 standard.¹

Galaxy Tab S11 highlights

- New version of Samsung DeX
- Ultraslim: 5.1 mm and 692 g light
- Dual main camera
- Water-resistant to IP68 standard¹ and dual SIM (eSIM)

Incredible user experience on the go

The slim design of the Galaxy Tab S11 series makes it perfect for use on the go. At only 5.1 mm and 692 g, the Galaxy Tab S11 Ultra Wi-Fi is the thinnest and lightest Galaxy Tab S Ultra yet. The large display is surrounded by a narrow frame for an immersive user experience. Thanks to a brightness of up to 1600 nits, colors are vivid for clear viewing indoors and outdoors. High-quality materials such as the aluminum housing and Gorilla Glass 5 display complete the elegant design and ensure stability. The device is water- and dust-resistant to IP68 standard.¹ The Galaxy Tab S11 series is available in the classic colors of Gray and Silver.

Greater creativity & productivity

Taking efficiency to the next level: The new Samsung DeX is optimized for better multitasking and greater productivity. With a swipe down, you can use the improved Extended Mode or widgets for your individual needs. With up to four workspaces, navigating between your PC, monitor and TV for productivity, entertainment or communication is even easier. The 45 W fast charging function provides power on the go in no time. The latest generation of S Pen also gives you instant access to Quick Tools. The redesigned tilt angle lets you write more precisely and gives you more freedom when drawing.

Galaxy AI² on a large display

Enjoy an immersive user experience and Galaxy AI on a large screen. The powerful 3 nm processor has been optimized with AI for seamless use between different apps. Thanks to the AI Agent, multi-app tasks can be mastered with a single action: Google Gemini³ can be easily activated via voice control or by pressing the side button, and delivers quick results. You can then use the drag-and-drop feature to add the AI results to your notes.

¹ Dust-proof and water-resistant against continuous immersion in water at a depth of 1.5 m for max. 30 minutes, in clear water only. Not resistant to salt water or other liquids, in particular soapy water, alcohol and/or heated liquids. The SIM card/memory card holder must always form a complete seal with the device to prevent water ingress.

² Some AI functions require an Internet connection, a Samsung Account login or a Google account login.

³ Gemini is a brand of Google LLC. Requires an Internet connection and Google account login. Only available for users aged 18 years and above.
